

Make your house **stand out.**

Designer blinds and awnings for windows

markilux
The best under the sun

Put only the best between you and the sun.
Create the most alluring shade in the world.

markilux

There is always a clear line to the design of our blinds which usually ends in a redden.

Make your house stand out

Natural light and the sun's rays enrich your life in a way that little else can. No artificial light source comes close. But, depending on the sun's elevation and the season, sometimes we can have too much of a good thing. markilux offers various means to use natural light from outside to influence the atmosphere in a room. Allow yourself to be inspired by our ideas and discover the ways you can create an ambience of wonderfully natural light and maximum living comfort in your own home, protected from the prying eyes of those outside. Experience innovative technology "Made in Germany" and the multi-award-winning markilux designs.

markilux designer blinds have received a multitude of awards:

Reduced to the essence: Free. Time.

Quality – Made in Germany.

For nearly 50 years, markilux has been developing and making top-quality sun protection solutions. markilux designer blinds and awnings are characterised by their first-rate, multi-award-winning designs and innovative technology. The production of blinds, awnings and covers under one roof – is the essence of what markilux “Made in Germany” represents, with the aim of making an al fresco lifestyle comfortable, convenient and enjoyable. With markilux, you can turn your favourite spot indoors or out into something extra special. **Put only the best between you and the sun. Create the most alluring shade in the world.**

markilux quality

High-grade materials and our comprehensive quality management system ensure that each awning will have a long service life. As a company, we are certified in compliance with DIN EN ISO 9001.

markilux functionality

markilux combines innovative technologies and smart solutions to create high-end products. With the variety of accessories and operating methods available, you can enhance your markilux designer awning to suit your own requirements.

markilux

markilux design

It is the perfect combination of form and function that turns a bit of shade into a markilux designer blind or awning. To achieve this, we rely on the long-term experience of our internal development team in cooperation with external designers.

German Design Council

markilux service

The combination of a brand product, expert advice and professional installation makes your solution perfect. Qualified markilux specialist dealers provide a comprehensive service and a personal point of contact in your area.

Diversity in textiles

Whether opaque or transparent, discreetly patterned or garishly bright:
in our markilux collection you will find just the right awning fabric to create your own personal sunshine.

Your own personal sunshine. Three good reasons. Countless possibilities.

Textile shading provides increased living comfort

markilux designer roller blinds for windows offer numerous advantages in comparison with standard shading systems. They offer effective protection against the often blinding rays of the sun and prevent the room from heating up so maintaining a pleasant living environment. markilux designer blinds and awnings immerse your room in softly adjusted daylight without blocking out the sun entirely. Transparent awning fabrics allow a clear view outside whilst shielding you from prying eyes. Ease of operation or integration into a home automation system is a given at markilux.

Effective solar protection

markilux window blinds provide optimum UV protection and convert the sun's sometimes blinding rays into soft ambient lighting.

Optimum protection from prying eyes

markilux awning covers give you an unobstructed view outside yet maintain the privacy of your own four walls.

Models and options

As individual as your desires: choose the markilux with the style and accessories that matches your home.

marklux

However you look at it:
Trendsetting.

Models and options

markilux 620 sundrive

An integrated solar module with powerful battery which operates the RTS radio-controlled motor is optionally available for the markilux 620.

Perfect cover tension

Depending on the model, markilux vertical cassette awnings are equipped with special gas pistons. This gives the cover perfect tension even in larger units and under greater wind loads.

MX_710 | 720 | 750 | 776 | 620 | 625
MX_810 | 820 | 850 | 876

markilux vertical cassette roller blinds. My house. My style. My markilux.

As individual as your home

Those who value stylish furnishings, will definitely not enter into any compromise as far as their view outside is concerned. A markilux vertical cassette roller blind is the perfect symbiosis of functionality and design. When extended, the perfectly tensioned cover offers ideal protection from the sun, glare and inquisitive glances. When retracted, it is protected both from the weather and dirt in the fully enclosed cassette.

markilux tracfix

This lateral cover guidance system without a gap between the blind cover and the guide track: guarantees a more attractive overall appearance and better wind stability.

Classic awning. Compact cassette.

A classic when extended, an eye-catcher and gem on a building. When retracted, the compact cassette protects the cover and the awning merges discreetly with the architecture.

MX_730 | 830

markilux drop-arm cassette awning. Exceptional. And eye-catching.

Great solar protection and great visibility

A cassette awning with classic appearance that protects against the sun and still permits a clear view outside. The drop arms with gas pistons tension the cover in an angle of up to 140 degrees to the window. The front profile with spring-loaded closing mechanism ensures the profile finishes tight against the underside of the cassette. Telescopic accro bars are optionally available for installation on a balcony.

MX_730
Square cassette, 95 × 95 mm

MX_830
Round cassette, Ø 115 mm

mx_740 | 840

The markilux Marquisolette. The most successful combination of light and shade.

The ideal combination of vertical blind and drop-arm cassette awning

In the upper section, the solar and visual protection runs vertically, in the lower section the amount of incoming light can be determined in a flexible manner depending on the position of the drop arms. The height of the area to be shaded vertically can be set to fulfil your individual requirements in terms of maximum shade and a perfect view outside.

mx_740

Square cassette, 95 × 95 mm, as standard with a cover profile:
looks tidy and protects the cover when retracted.

mx_840

Round cassette, Ø 115 mm,
protects the cover when the awning is retracted.

You know what you want

We bring your vision to life. Talk to your markilux specialist dealer
and allow yourself to be inspired at [markilux.com](https://www.markilux.com)

The markilux triangular blind. A pinnacle of efficiency.

The solar protection and privacy solution for unconventional windows

Triangular windows or skylights can be fitted with made-to-measure solar protection by markilux. The sturdy full cassette protects the cover from soiling. The tensioning system which uses highly tear-resistant tensioning cords and integrated gas pistons ensures optimum cover stability at every stage of extension.

MX_893
Round cover cassette, Ø 115 mm,
with brush seal at cover exit point.

The clever system offering bespoke solutions

Patented clip-on fixture of the guide tracks to the brackets and the wide range of fixture options permit interior, exterior, vertical, horizontal or diagonal installation.

Exquisite fabrics
in the most beautiful of shades.

sunsilk

Brilliant vividness. Silky smooth surface.
Unique luminosity.

sunvas

Soft glow. Textile-like to the touch.
Textile character and natural appearance.

specials

Semi-transparent, heat-reflecting, permeable,
highly water resistant and flame-retardant covers.

transolair

The sunvas fabric with special perforation technique
stands for impressive transparency as well as good
light and air permeability. It guarantees an exchange
of air between the cover and the glass, thus effectively
reducing the build-up of heat.

markilux visutex collection 50/4/me

Inspiration drawn from fashion, architecture, colour and naturally occurring special effects.
50 innovative fabrics conjure up your very own awning heaven in the tried and tested qualities
sunsilk and sunvas – available exclusively from markilux.

markilux awning covers. The most beautiful fabric between heaven and earth.

Our unique covers help to create a special ambience

The colour and quality of the awning fabric are what turn the ambience on your patio into something special. Depending on the brightness and hue, colour distinction, patterns and textures succeed in creating the desired effect. As a leading manufacturer of high-grade awning covers with 100 years of experience in the design and production of textiles, markilux offers an unparalleled variety. The markilux textile design team is constantly developing new patterns in line with the latest trends, which are nevertheless characterised by their timeless appeal. Among the more than 250 patterns in thematically coordinated colour families, you are certain to find your very own and most beautiful fabric between heaven and earth.

markilux awning cover finder

The most beautiful fabric for your designer blind or awning can be found amongst the more than 250 cover patterns at the showroom of your markilux specialist dealer and at [markilux.com](https://www.markilux.com)

| markilux perfortex

Functionality can be so beautiful

During the production of our blind and awning fabrics, we leave nothing to chance. We add a final finishing flourish to the fabric with a special formula developed in house. This finish gives our awning covers incredible longevity and resistance to rain, light and fluctuations in temperature. Certified in accordance with Oeko-Tex standard 100, markilux awning covers are guaranteed free from harmful dyes and chemicals.

With an Ultraviolet Protection Factor (UPF) of 50+, all solid markilux awning covers made from sunsilk or sunvas offer the highest possible degree of UV protection for fabrics. Your skin's own protection factor is enhanced by a factor of more than 50. This allows you to enjoy sunny days for longer, without risk.

Self-cleaning effect

Water droplets pick up dirt particles and run off the awning cover taking the dirt with them (the awning must be set at a pitch of at least 14 degrees), ensuring you can enjoy your beautiful fabric for a long time to come.

Bonded covers

Panel joints bonded together ultrasonically ensure a consistent, unobtrusive appearance. The excellent resistance to water, light and fluctuations in temperature ensures that the service life of the cover is extended substantially.

Light and weather resistance and resistance to fading

High-tech yarns dyed right to the core and a high-grade finish developed in house guarantee the most stunning shade in which to relax.

markilux

The most beautiful fabric between heaven and earth

Made in Germany. Made by markilux. All awning fabrics are developed, manufactured and tested in our own facility in Germany. All the fabric patterns in the collection can be admired at [markilux.com](https://www.markilux.com)

markilux awning colours

The blind or awning frame colour complements and enhances the colour of the fabric and creates a perfect link to the architectural surroundings. From a variety of shades of white through to the timelessly elegant anthracite, a broad range of colours is available to you. And if you want to create your own particular colour scheme? No problem! We will gladly manufacture your dream awning in your own personal shade.

Our high-grade powder coating finish is guaranteed for any awning colour you choose.

Matching every architectural style and customer demand

All markilux blind or awning colours are available without surcharge. Non-standard colours can be selected on request.

Beauty lies not in size
but in attention to detail.

markilux

Ease of use | Options | Extras

markilux ease of use.

Make it easy on yourself, and convenient.

Meeting the highest demands and any weather conditions

The choice is yours: manual operation, hard-wired motor or radio-controlled motor with remote control are all possible on most models. As an extra option, sun, wind and rain sensors ensure the intelligent control of your markilux designer blind or awning. You can even operate the system while you are away via smartphone or tablet. Your markilux specialist dealer is at your disposal should you have any queries and will provide you with details on how you can connect several individual units and operate them with only one touch of a button.

Home automation

Easily control your designer blind or awning by smartphone or tablet – even when on the move. The smart control function using io technology via the app makes it possible.

Intelligent control

With light, wind and rain sensors, your markilux system will react to any change in the weather. In sunny conditions the blinds will extend automatically, and in wind and rain they will retract.

markilux remote control

Perfect protection from the sun, inquisitive glances and glare, comfortably at the touch of a button.

markilux

You too will be impressed

markilux offers a wide range of stylish and intelligent solutions which will put your home in the best light.
